| Floria Transparent Chair

Polycarbonate chairs, with their transparent or colored designs, durability, and modern appearance, are widely preferred furniture for both indoor and outdoor use. These chairs are made of a high-strength, transparent or colored thermoplastic material called polycarbonate. Polycarbonate is a type of plastic that can be as transparent as glass, but is much lighter and more durable. These chairs often attract attention with their modern and stylish designs and are suitable for indoor and outdoor use. The use of UV-treated raw materials prevents color fading and maintains its aesthetic appearance for many years. Their ergonomic design ensures comfortable seating. Their lightweight construction makes them easy to transport and stack. They are the perfect choice for weddings, engagements, henna nights, receptions, and special events.

| Zeus Plastic Tables

||G/W: 120 D/D: 70 Y/H: 70 📦 8.15

📦 8.15

The Zeus Fixed Plastic Table, with its timeless lines, offers a stylish solution for both indoor and outdoor spaces with its classic design and robust structure. Made from 100% polypropylene, the table offers superior resistance to UV rays, impacts, and scratches, maintaining its original shape for many years. With its robust construction and wide range of uses, Zeus combines comfort with aesthetics, making it a trusted choice for hotels, cafes, restaurants, and garden projects. With its durability and timeless presence, it's a special table option that combines luxury with simple elegance.

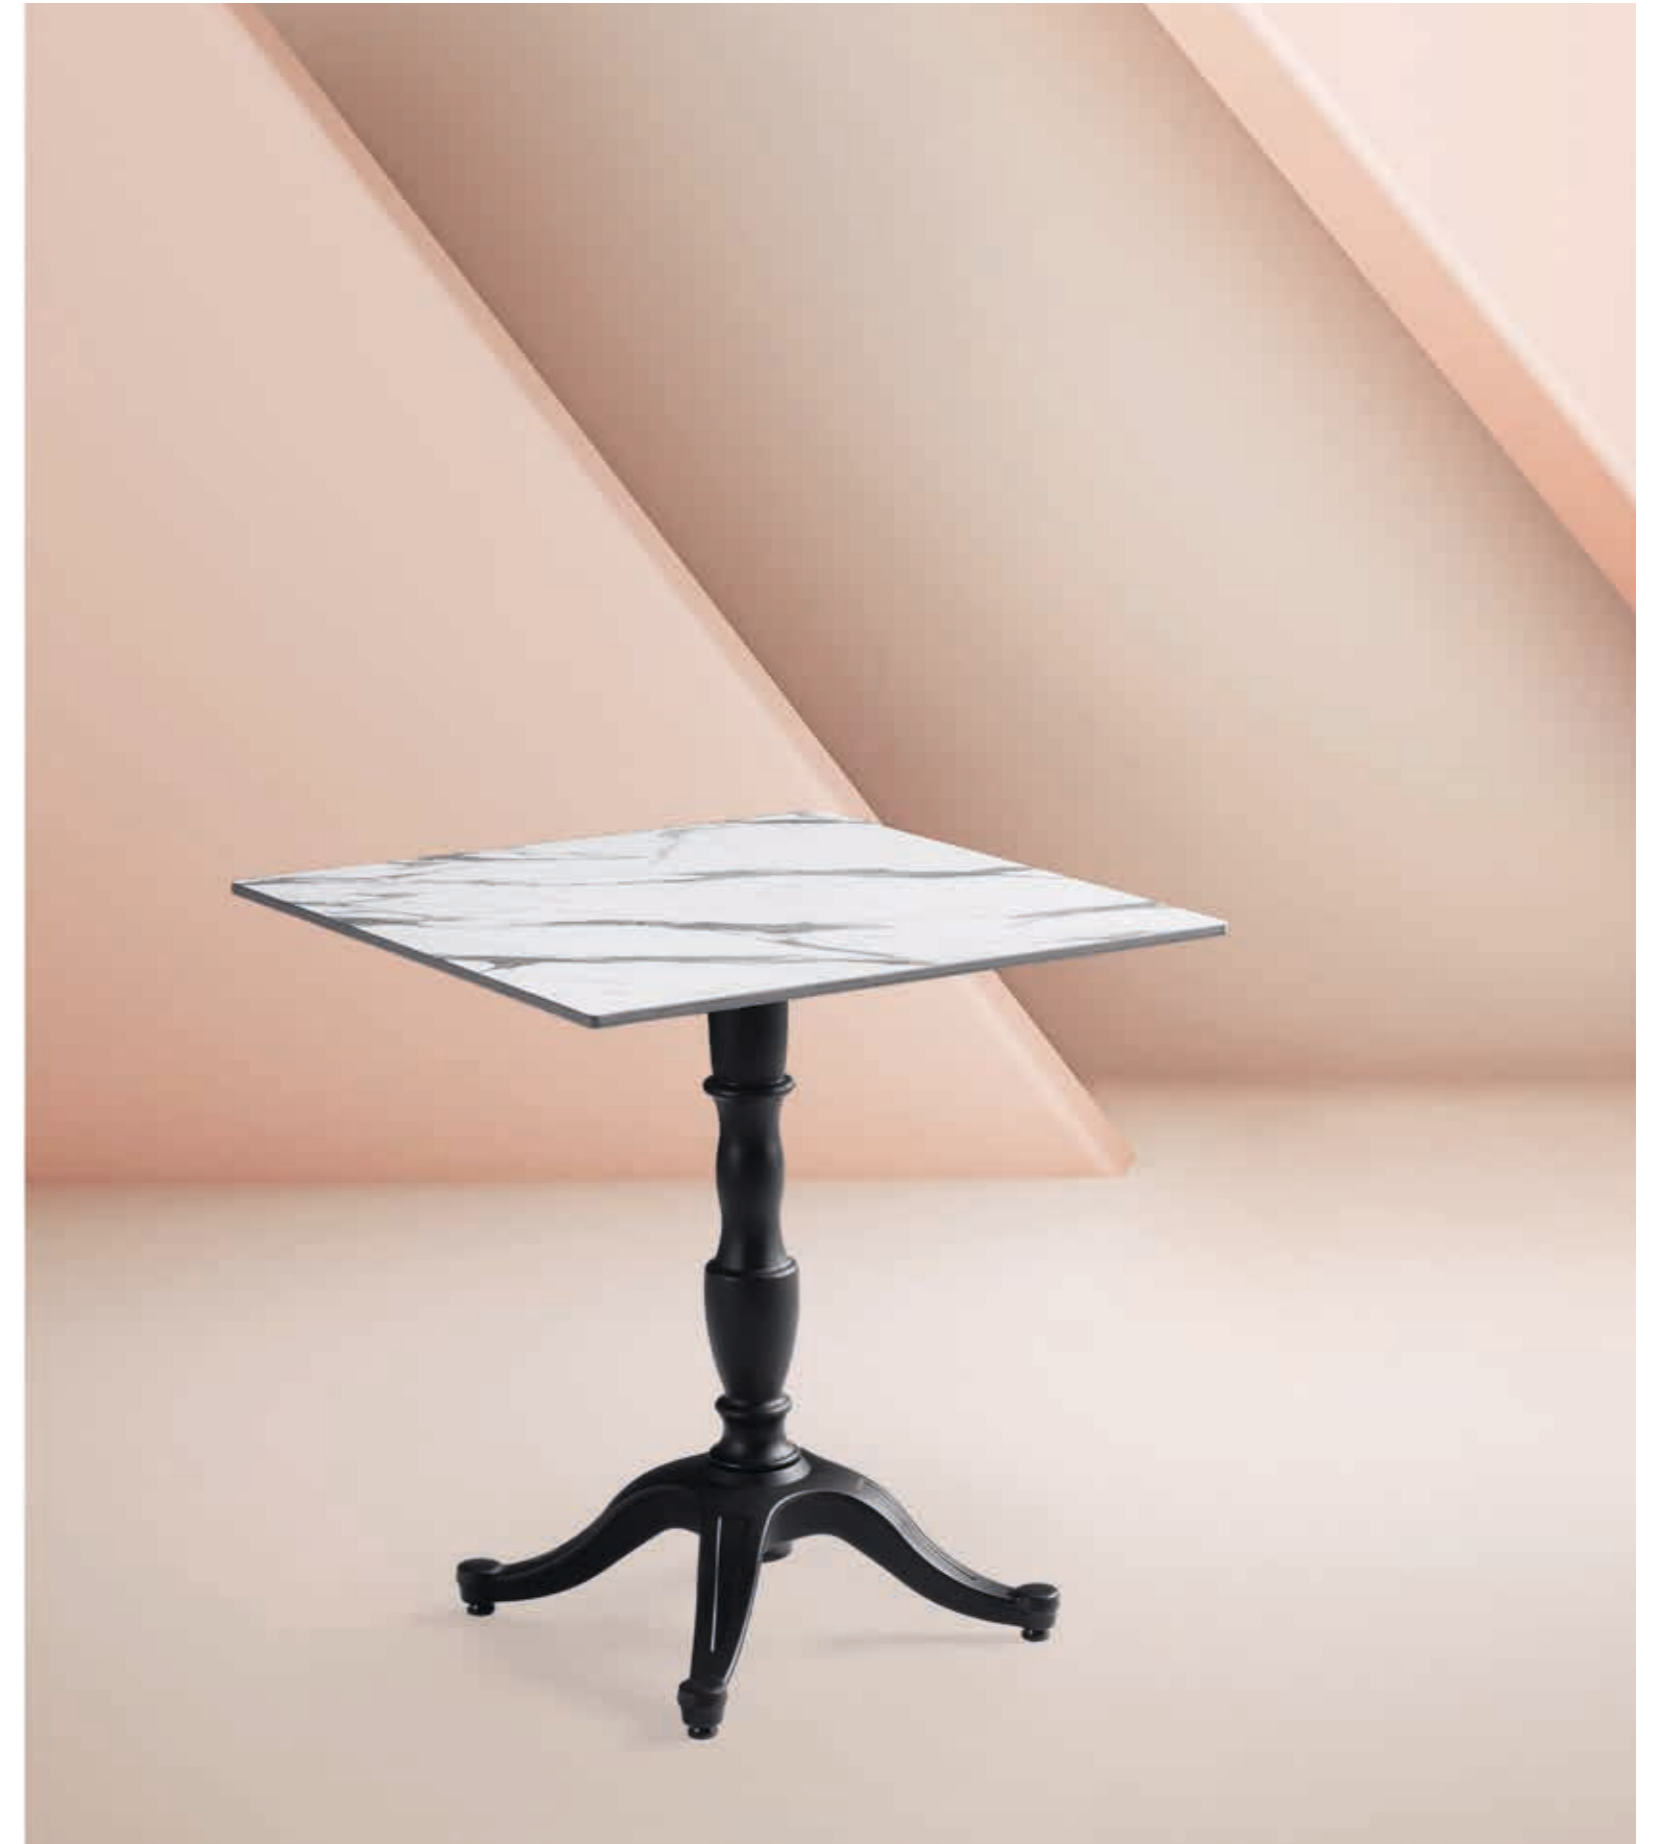

| Parle Plastic Tables

||G/W: 140 D/D: 80 Y/H: 70 📦 9.40

📦 9.40

The Parle Folding Plastic Table sets a new standard for modern use in both indoor and outdoor spaces with its elegant design and high functionality. Made from 100% polypropylene, the table offers superior resistance to UV rays, impacts, and scratches, while its foldable structure ensures space efficiency. Easily portable, practical, and durable, it offers an ideal solution for both everyday use and special events. Combining elegance and functionality, Parle offers an aesthetically pleasing and durable table alternative for premium spaces.

| TABLE LEGS

| Composite Table Legs

Composite table legs are manufactured by combining different materials (usually plastic, fiberglass, carbon fiber, or resin-based blends).

Composite table legs are often preferred for garden furniture, modern office desks, cafes, and restaurants. If you're looking for a stylish and durable option, they're a particularly good choice for outdoor use.
